

Designed to hold 2, 4 or 6 doors, these units allow a simplistic way to showcase JELD-WEN's extensive product lines. Incorporating self-closing technology, doors can be quickly and easily opened to show the profiles on both sides of the product – a perfect way to showcase dual-skinned doors. Constructed from powder-coated steel with natural wood inlays and engineered to allow for product to be interchanged, this floor standing unit arrives to you with minimal assembly required and comes complete with a JELD-WEN branded graphics package.

As noted above, this product does require minimal assembly – please be sure to measure the entry point of your showroom taking into consideration the overall height, width and depth of this unit.

This can be built to form a KD unit – please call this out at the time of the order.
